

STATEMENT OF CONFORMITY – LED

This is to certify that *all* LED products and *all* their associated drivers manufactured and supplied by Venture Lighting including drivers assembled into Emergency Packs, are in conformity with the:
Electromagnetic Compatibility Directive 2004/108/EC
Low Voltage Directive 2006/95/EC
ErP directive 2009/125/EC
RoHS Directive 2011/65/EU

All products are Type Tested within Venture's qualified Electrical and Photometric Laboratories to fully affirm their compliance with the most recently published related standards and that Venture's ISO9000 certification at each manufacturing facility ensures the consistent maintained quality of each product, again to the requirements of the related standard. The Self Certification route has been chosen for these products.

Products are:

As appendix to this document, each detailed in www.venturelighting europe.com/products/led

Related Standards are:

EN 60598	Luminaires, general requirements and tests.
EN 60065	Mains operated electronic apparatus, safety requirements.
EN 55015	Limits and methods of measurement of radio disturbances characteristics.
EN 61000-3-3	Limits for harmonic current emissions and Limits for electrostatic immunity
EN 61547	Specification for equipment for general lighting purposes. EMC immunity requirements
EN 62493	Assessment of lighting equipment related to human exposure to electromagnetic fields
PAS 62717	LED Modules for general lighting, performance requirements
EN 62031	LED modules for general lighting. Safety specifications
EN 61347-2-13	Lamp controlgear requirements d.c. or a.c. supplied electronic controlgear for LED modules
EN 61347-2-7	Lamp controlgear requirements battery supplied electronic controlgear for emergency lighting (self-contained)
EN 62471	Photobiological safety of lamps and lamp systems
EN 60529	Degrees of protection provided by enclosures – Applicable IP ratings of 20, 30, 40, 43 and 54
