

Paddington Recreation Ground

Case Study

Client:
City of Westminster, London.

Scope:
Tara Signs won a competitive tender for the manufacture of the wayfinding signage for this prestigious park in Westminster.

All signs were bespoke designed produced by the councils appointed wayfinding design agency.

Sign Types:
Fingerpost signs with multiple directional fingers.
Wall and fence mounted endpoint signs.
Post mounted directional signs.
Post mounted lockable noticecases.

Specification:
Signs are manufactured from aluminium components, polyester powder coated with a proprietary anti graffiti finish.
Routed and engraved feature details.
Printed graphics.
