

PRODUCT DESCRIPTION

The ultimate solution to floor protection. Tested and proven, this matting will endure daily abuse and protect your floors from weights around 30 ton. An extremely tough and durable rubber compound inlaid with 5mm cable adds a new dimension to floor protection.

Galvanized end plates to secure Industri-Grip matting down for a permanent installation.

FEATURES AND BENEFITS

- Solid rubber compound which is resistant to industrial oils
- 5mm steel cable inlays to prevent the matting stretching in length
- Approximately 20mm thick but can vary
- Drainage grooves to facilitate removal of oil and water spills
- Recycled and reworked product from the mining industry and therefore the finished surface may show signs of wear

Installation Pack

- Pack includes 2 end plates and 8 fixings
- Ensures safe and tidy cut ends
- Holds matting in a fixed position
- Reduces the risk of slips or trips
- For the ultimate solution, fix down all edges

CUSTOM SIZES AND SHAPES AVAILABLE ON REQUEST

3
YEAR LIMITED WARRANTY

APPLICATIONS	Industrial and Commercial
PURPOSES	Anti-Slip and Floor/Bench Protection
DUTY	Heavy Duty
LOCATION	Internal and External
PROPERTIES	Dry Environment, Drainage, Oil Resistant, Chemical Resistant, Welding, Swarf and Cold Insulation
