

allsigns

your complete signage solution

NHS & Healthcare Sector

Allsigns have extensive experience in delivering high quality signage projects to NHS and Healthcare establishments, designing and implementing display and wayfinding schemes of varying sizes.

To help you produce and implement a clear and coherent wayfinding strategy we follow NHS guidelines on hospital signage.

This combined with a comprehensive knowledge of legislative and ergonomic considerations ensures not only full compliancy but a practical, well thought out wayfinding system.

Operating from 4 manufacturing sites in the UK and with nationwide sales and installation coverage, Allsigns are able to offer a complete sign service from survey through to installation.

Our portfolio of sign products include safety signs, posters, tapes and labels from stock, which are available for next day delivery anywhere in the UK.

Our specialist fabrication facilities allow us to produce a range of flexible, modern and contemporary wayfinding and display systems suitable for both internal and external use. No matter how big the project, no matter how complex the scheme, Allsigns have the ability to survey, design, project manage and install.

buying solutions

supplier

Buying Solutions make it quicker, easier and more convenient for public sector organisations to procure goods and services that they need, while saving money in the process.

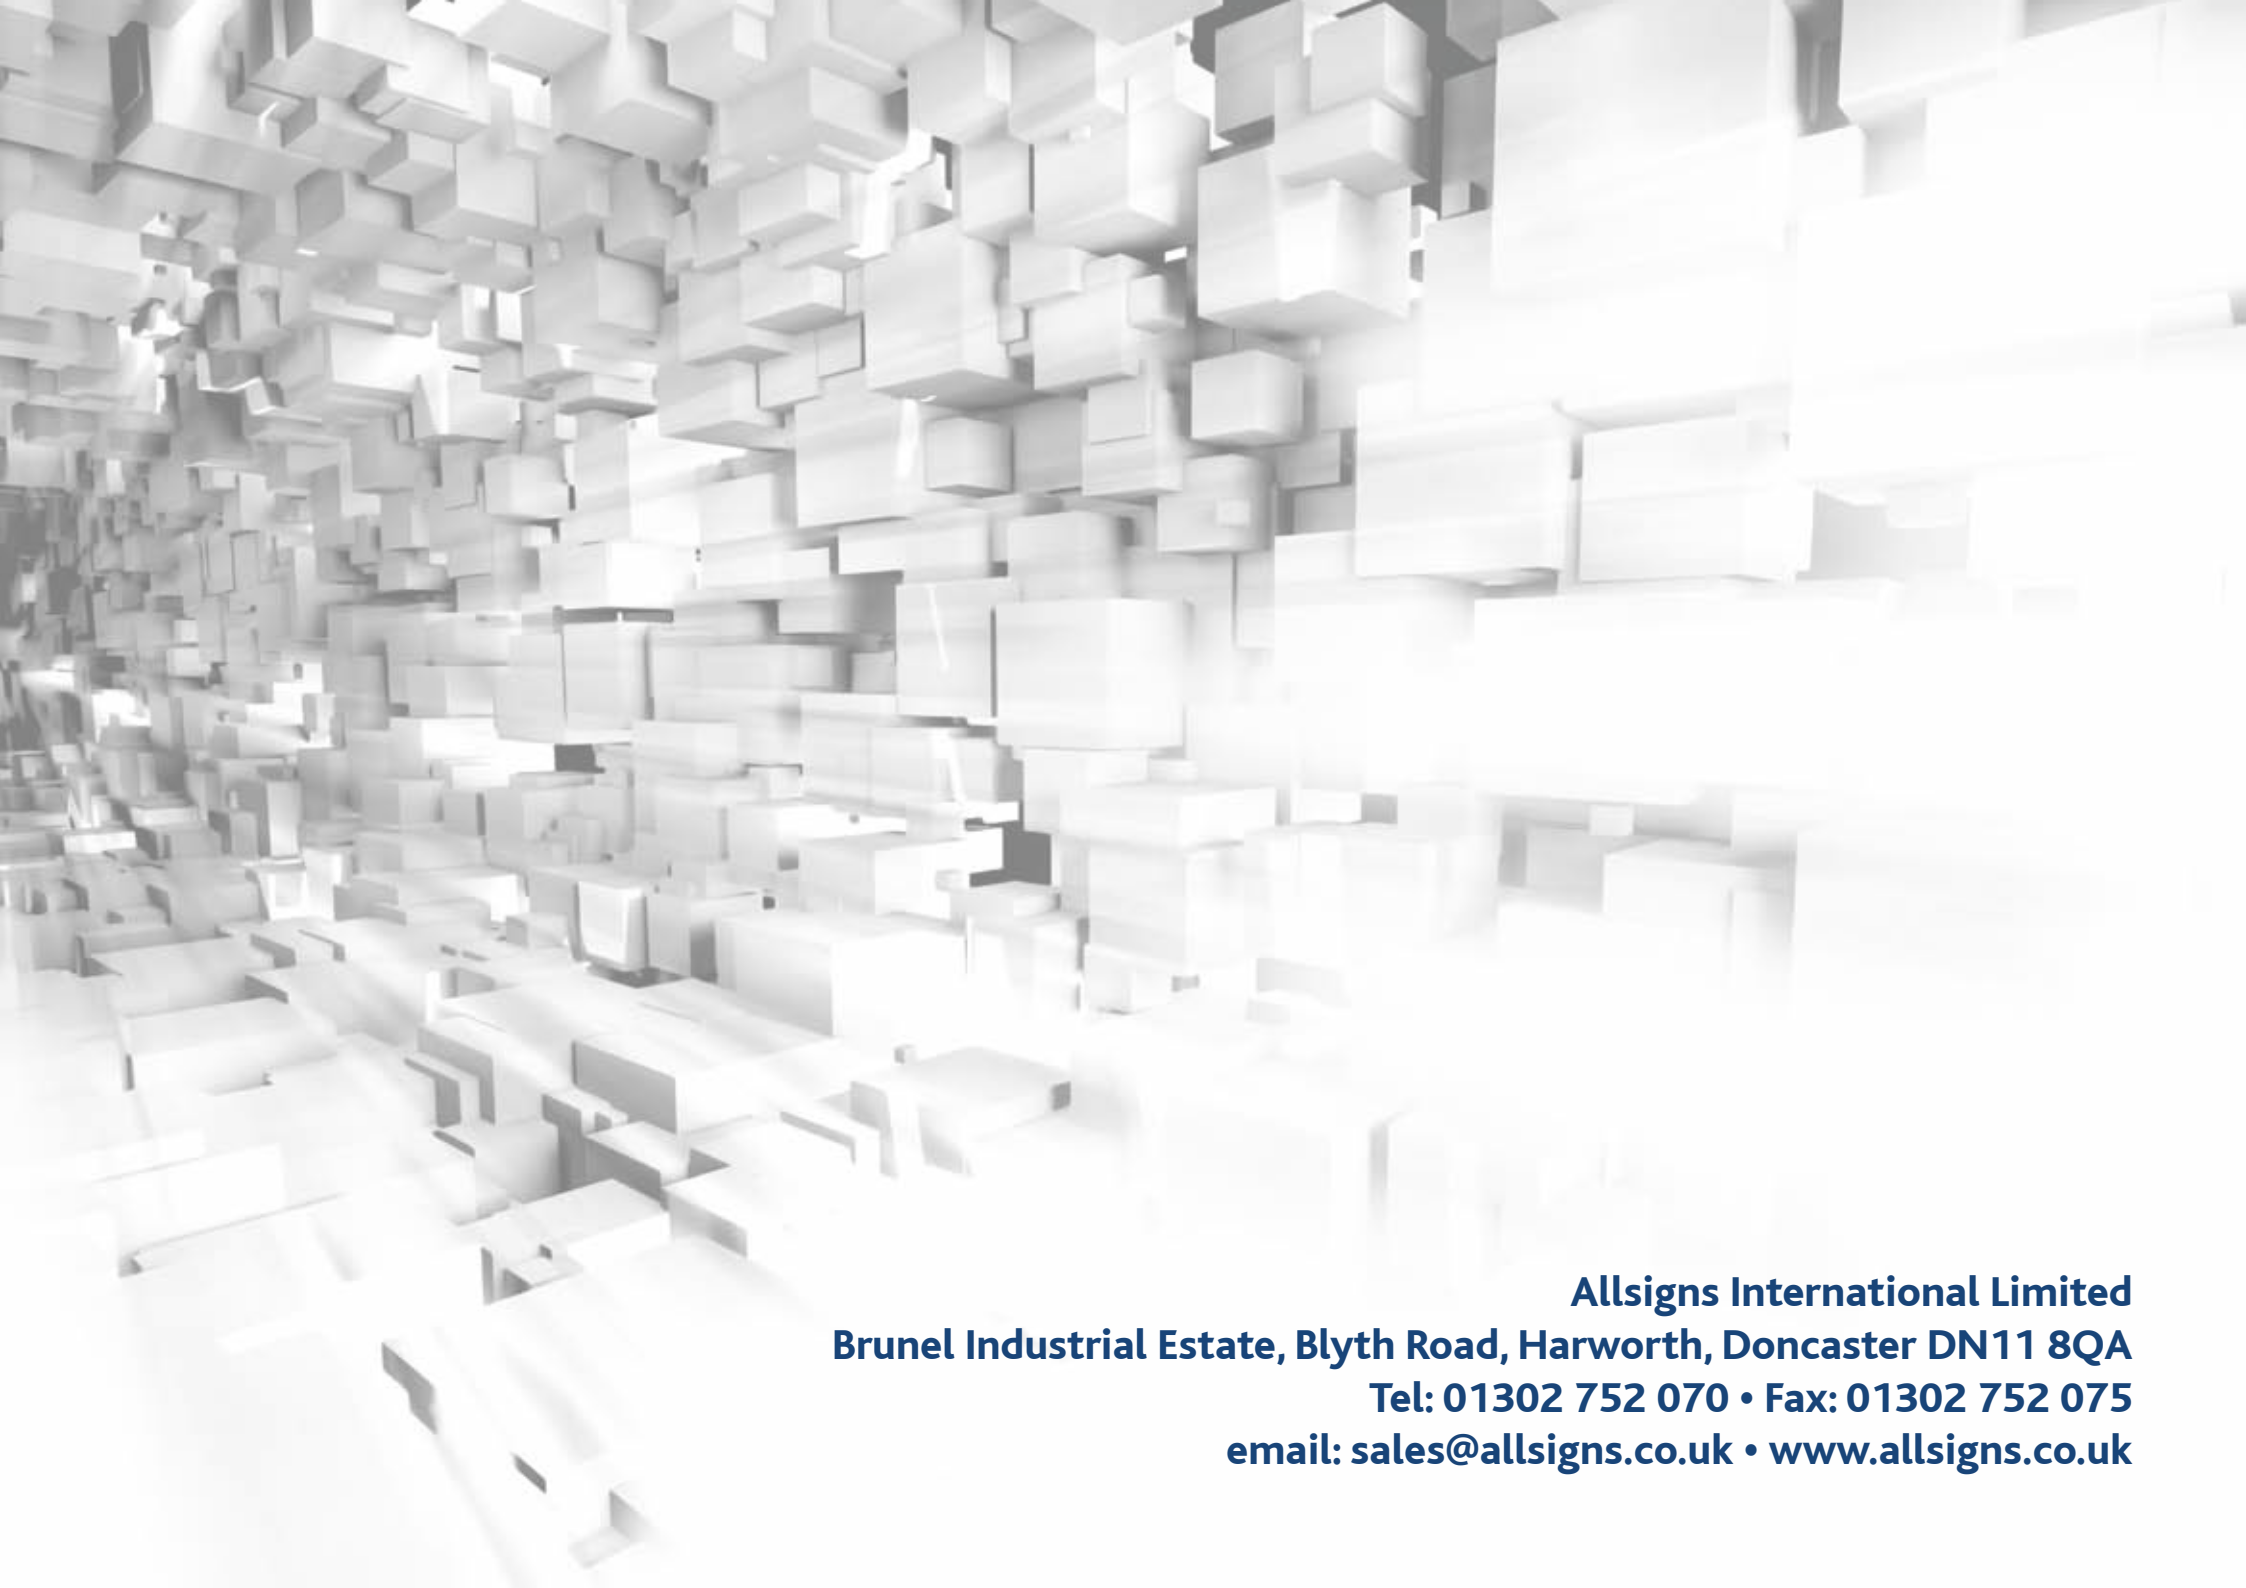

Since 2005 Allsigns have held an OGC buying solutions framework agreement for the supply of signage.

In April 2009 this contract was extended as OGC (Office of Government Commerce) became Buying Solutions, the national procurement partner for UK public services.

Buying Solutions completed a rigorous OJEU (Official Journal of the European Union) selection process before awarding contracts, by selecting a framework supplier you automatically eliminate the need to conduct independent tendering exercises which are costly and time consuming. It is a fact that the competitive tendering process costs an average of £25,000 and takes 72 days.

Buying Solutions carry out regular performance reviews and monitor monthly reports submitted by Allsigns to ensure we are consistent with our standard of service and to ensure Pan Government Agencies are receiving value for money.
