PLAYSAFE

The impact absorbing system for play areas

playrite
Specialist
Surfaces for Sport and Leisure

THE FUTURE OF PLAY

A child's natural instinct is to climb, explore & sometimes to fall - that's why their protection is paramount. Playsafe from Playrite is an impact absorbing system for play areas, school playgrounds & parks.

Bright and colourful, the Playsafe playground surfaces come in a range of bold shades and make playgrounds look fun and inviting!

Designed for safer play

Whatever playground equipment you have, Playsafe surfaces offers a place for children to feel comfortable to play. Designed with ultimate playground safety in mind, allowing children to explore climbing frames, feel safe on monkey bars and be boisterous on slides, letting them feel ultimately confident in their playground environment.

Offering 12 different colour options, there is plenty of scope for designing and creating a bright and fun play area where children will thrive and explore.

- UK Manufactured
- Tested to BS EN 1177 2008
- 12 vibrant colours to choose
- A soft feel which encourages children to play or sit with friends
- Shapes or designs can be created
- Can be used on new or for updating existing play areas
- Quick drainage after heavy rain
- Non-slip surface
- Durable in all weathers
- Low sand content
- Sand filled to offer resistance to fire, vandalism and graffiti
- Installed throughout the UK and Europe
- Playsafe Systems are a Playrite product, a Division of National Floorcoverings Ltd

The best way to discover the benefits of Playrite is to request a sample. Simply call 01924 412488 or email samples@playrite.co.uk and tell us which colourways you would like today! www.playsafeareas.co.uk

Listen to our satisfied customers

Visit our website and you can see the projects we have worked on recently and the satisfied customers, who would be pleased to tell you how choosing Playsafe from Playrite was the right decision for their school or playground.

Nearlygrass 40 Beige is an artificial grass which looks and feels natural. Visit www.nearlygrass.co.uk

“Our old surface was wood chips and would make a mess in the school, this new Playsafe product has eliminated this problem, and made it safer.”

“The wide choice of colours in the range creates a bright, cheerful play area.”

“An excellent product which is safe, colourful and the children love it.”

“Playrite were very helpful, and advised on which system would be suitable for our playground.”

“Just what we were looking for, we all think it’s very good.”

“Great value for money.”
