## ANPR Wall/column mount Camera

Monochrome ANPR Camera, 10m or 30m range (ANPRC05, ANPRC30)

### ANPR Features

Suitable for Car Parks, Hospitals, Surgeries, Ports, Schools, Garages, Hotels

Log Vehicles with multiple images

Alert Staff to vehicles of interest

Provide Car Park access control

Control unauthorised commuter parking

Increase gatehouse efficiency

Opens barriers / gates

Car Park auditing, ticketing and management

Allow sophisticated database management

Communicate with remote sites over LAN/WAN/3G

High resolution monochrome all in one camera with a 6-15mm or 10-40mm varifocal auto iris lens. The camera has 20 special IR LEDs and incorporates dual glass technology which completely eliminates IR LED reflection in to the lens at night. Mounted in a robust aluminium tube housing.

The camera captures images of moving vehicles up to 50mph at 10 metres. The camera is IP66 rated and can be fitted outdoors. The bracket supplied can move in 2-Axis and also allows cable management.

- 520TVL 1/3" Sony CCD
- Monochrome
- 6-15mm varifocal auto iris lens
- 10m (ANPRC05) or 30m (ANPRC30) IR range
