## Rapid Deployment Digital CCTV System

The ability to rapidly deploy discrete video surveillance and recording equipment into known trouble spots is increasingly being seen as a cost-effective way of combating crime.

Rapid deployment systems can:

- Act as a visible deterrent
- Gain evidence on the movement of suspects
- Reassure the public

ClearView Communications has been supplying UK police forces with rapid deployment CCTV systems for the last decade. These have been designed so that they can be deployed by non-technical

### Features and Benefits

Rugged lockable carry case to transport equipment

Operates from battery or mains

'Plug and play' with 20 metre cable reel

Low light (0.004 lux) colour/mono camera

High resolution 520 TV lines

5-100mm auto-iris telephoto zoom lens

Real-time or Time-lapse  
Digital video recorder with time/date stamp

5 inch set-up colour TFT monitor

4-camera wireless transmission option

12VDC/24VAC/240VAC power options

Rugged carry case

LCD set-up monitor

Colour/mono camera

Removable hard disk

### Applications

- Antisocial behaviour
- Street drug crime
- Street robberies
- Vehicle crime
- Dwelling burglaries
- Prostitution

PCS110....

### Specification

Video Input	1 camera input BNC with loop through
Video Output	1 BNC video output for main monitor
Video compression	M-JPEG
Video Resolution	720 x 576 PAL
Alarm Input	1 alarm input
Alarm output	1 alarm output
Video Display	Full - option of PIP, Quad and 2x2 zoom for live and playback.
Video Loss Detection	Yes
Watch Dog Timer	Yes
Event Log	Yes
Hard Disk Storage	2.5" IDE type 1 60Gb
Recording mode	Continuous, time lapse, schedule or event recording
Recording Rate	50 pictures per second or time lapse
Playback search	By date/time or event/segment
Setup	On screen display setup
Timer	Built in real time clock
Operating Temp	0 Deg- +50 Deg
Power consumption	60w
Power Source	12VDC 5 Amp/ 24VDC 2.5 Amp or 240VAC
Operating shock	8G, 11ms (20 per 5 seconds max)

### Portable CCTV System Options

- WCS110 As PCS110 but with licence exempt wireless transmission between camera and portable recording unit
- WCS140 Four camera version of WCS110
- MCS110 Miniature covert video recording system with camera, video recorder, microphone and battery built into a standard A4 lever arch box file.

### Options/ and accessories

- Battery pack in carry case with charger
  - Covert "black" infra-red illuminator
  - High resolution colour camera ( 480TV lines ) with pinhole lens
  - High resolution monochrome camera ( 580 TV lines ) with pinhole lens
  - Pan / tilt / zoom remote control system
- PBP110  
CIL850  
HRC480P  
HRM580P  
PTZ110
