Summary

Square

the ideal flooring solution for offices

A world leader in the flooring industry, Tarkett puts international expertise and a broad product portfolio at the service of building professionals and end-users.

With its range of integrated flooring solutions, Tarkett offers outstanding design and performance and life time return, as well as end-user benefits that include comfort, wellbeing and motivation.

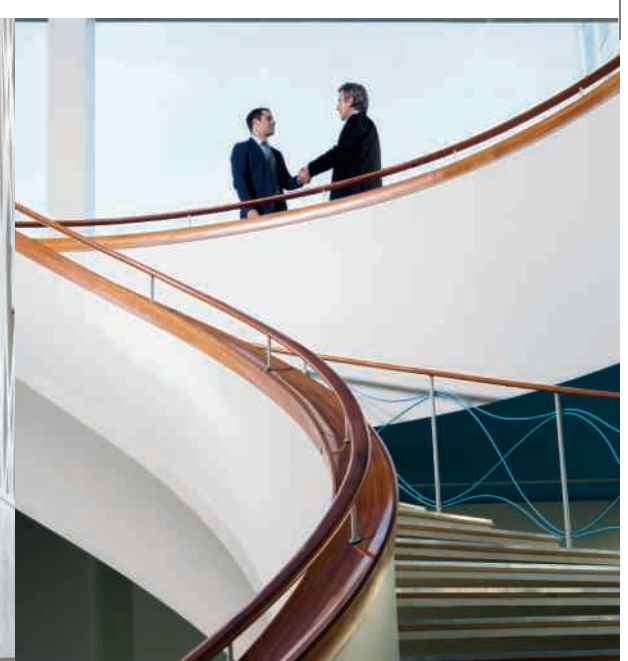

For every project and all types of interior, Tarkett flooring solutions offer sensorial, functional and ecological benefits.

Square is a vinyl loose lay tile developed specifically for the demanding heavy-traffic office environment. Functional and creative, it offers outstanding design, performance and return on investment - while taking care of people and the environment.

Targeted at the practical and creative requirements of the modern commercial world, Square tiles can be found everywhere from the CEO's suite to reception, single offices to cafeteria, meeting rooms, etc.

Square combines contemporary design effects with performance properties that include underfoot comfort, excellent wear resistance, low-maintenance and the benefits of loose lay installation.

A comfortable and
peaceful design
**that squares with
office needs**

Wellbeing and sensorial experience

As a major element in any interior, the choice of a flooring must reflect a company's image and will have a direct effect on the mood and productivity of its employees.

With its unique and stylish designs, Square creates a welcoming and peaceful atmosphere in offices and the various areas where people work and meet.

Square offers a range of sophisticated looks with 36 colour options in warm and elegant tones for timeless yet contemporary designs.

Inspired by textiles and natural materials such as wood or stone, the patterns are available in warm colours ideal for creating a comfortable atmosphere, or cooler greys for a more urban style.

Sophisticated modularity

The square format and flexible loose lay installation make it easy to combine colours and patterns to create appealing interiors for modern offices.

With its exclusive design, Square enhances
your **company's image**
and create a positive and more productive environment

Texture effects

Inspired by the softness and diversity of textiles and natural material such as leather, this large range of carefully selected colours promotes wellbeing and creates a perfect background for work with soothing, high-end designs that sit comfortably with any type of furnishing.

A flexible and
efficient solution
**that squares with
office needs**

Well being and health for the end users

Square is a safe solution for end-users. For maximum hygiene, Square contains Sanitized[®], an anti-bacterial treatment that helps to prevent the proliferation of potentially health damaging organisms.

An anti-bacterial surface and a good indoor air quality

Square also contributes to an excellent indoor air quality which is such an important element in wellbeing. In addition to very low levels of VOC emissions, the loose lay installation uses a tackifier rather than permanent adhesive.

Environmentally friendly

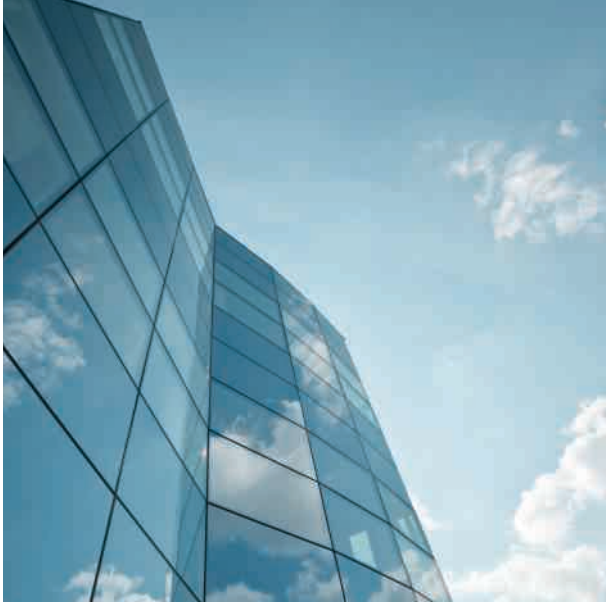

The high performance TopClean XP surface treatment, makes Square an eco-friendly choice with easy maintenance and lower use of water, energy and detergents.

A SUSTAINABLE PRODUCT

- > Up to 35 % recycled content and 100% recyclable
- > Low VOC emissions (50 times below the European Standard)
- > No permanent adhesive needed: tackifier or waterbased TarkoSpray
- > TopClean XP: lower use of water, energy and detergent
- > Minimum waste with tile format

With its health
and ecofriendly qualities,

Square provides **well being**
and comfort for the end users
