Avon Access Systems

Technical Specification

Avon Token Acceptor

A cost effective method of access control for one off situations, ie. hospitals, museums, doctors' surgeries, caravan sites, hotels, etc. Dims: 280 x 170 x 180mm. Finish: polyester powder coated steel housing.

Avon Audio Intercom System

To enable communication between outstation locations and reception/ security. Several gate outstations may be connected to a master station. An audio visual option is available on request. Dims: 280 x 170 x 180mm. Finish: polyester powder coated steel housing.

Avon CR100

Magnetic batch code key reader. Cost effective unit for office car parks etc. Dims: 80 x 80 x 65mm. Finish: black die cast aluminium housing.

Avon Radio Control

For hand held/in car operation. Up to 4 channels for standard use with 20 channels available on receiver for special situations DTI approved frequencies. Dims: 90 x 40 x 15mm. Finish: ABS housing.

Avon Swipe Card Reader

A programmable swipe card reader mounted on a hingable face of a standard Avon enclosure. Capable of voiding/validating individual cards with simple push button programming.

Avon Digital Key Pad

Digital coding system available with a 4 digit code. This unit can be used in conjunction with a reader system for additional security. The numerical code may be changed on a regular basis to maintain security.

Avon Proximity Card Reader

A programmable proximity card reader mounted on the hingable face of a standard Avon enclosure. Capable of voiding/validating individual cards with simple push button programming.

Avon Inductive Loop Detector

Automatic operation of barrier/gates when used in conjunction with sub-surface inductive road loop, sensing the metallic mass of cars and larger vehicles.

Avon Dual Enclosure Reader

To enable two control systems to be mounted in a single housing, reducing pedestal requirement. Dims: 280 x 140 x 360. Finish: polymer powder coated steel housing.

Avon Infra Red System

Automatic operation of barriers/gates used to provide a safety facility.

The Avon Barrier Company reserve the right to change or amend the specification of its products from time to time in furtherance of its policy of continued product improvements.
