

DEMARICATION LINES

Central Flooring Services have extensive knowledge in demarcation lines and floor markings to segregate potential danger areas such as pedestrian routes and traffic routes or to highlight fire exit routes.

There are many other uses for demarcation lines and floor markings including:

- *Number, words and Logo's*
- *Line Hatching*
- *Zebra Crossings*
- *Anti-Slip Stair Nosing's*
- *Traffic Routes*
- *Production Zones*

Demarcation lines and floor markings are particularly suited for warehousing and distribution and are available in any colours.
