## About Rodal Anti-Slip Solutions Ltd

Rodal Anti Slip Solutions specialise in applying high quality Non Slip floor products to all your Internal and External hard floors where there could be a major slip issue.

Rodal Installation Teams install Anti Slip Treatments, PU Floor Sealers, Non Slip Paints, Industrial Non Slip Coatings and Non Slip Bath/Shower mats that have been tried and tested to improve the safety of your floors. Suitable for: Hotels, Swimming Pools, Colleges, Universities, NHS Trusts, Airports, Leisure Centres, Retail Outlets, Showrooms, Churches, Bars, Restaurants, Kitchens, Commercial Properties, Residential Homes, Care Facilities and many more...

## How does it work

Our slip resistant products will increase the coefficient of friction on all types of existing internal and external hard floors. This includes surfaces such as: Ceramics, Porcelain, Natural Stone, Wood, Decking, Concrete, Slate, Metal, Vinyl, Glazed Tiles, Linoleum, Laminates, Rubber, Marble, Terrazzo, Travertine and more.

Rodal Anti Slip provide a nationwide service and guarantee that all our Certified Installers have been fully trained to provide a cost effective non slip solution for all your floors.
