Dub'l-lif™

EST 1956

All our products are designed and manufactured to have at least **'double-the-lifespan'** of similar products on the market.

Dub'l-lif is a traditional family business, trading since 1956. We concentrate on manufacturing long lasting 'double-the-life' products made from quality, durable, raw materials. Every product is handmade at our head office and manufacturing facility in the heart of Somerset, England.

Products are used by those in Agriculture, Road Surfacing, Sporting Facilities, Equestrian/ Small Holding, Emergency Services and Construction.

We offer the flexibility to work with customers to tailor products to their individual specification, colour or industry requirement.

Please get in touch if you have a specific adaptation or requirement you think we can help with.

Our trade price list presents an overview...

We make Squeegee Yard Scrapers, Straight, Curved and Winged, in multiple widths, to move a combination of liquids and solids.

Our bespoke Serrated Squeegees are used for spreading resin during road surface dressing.

Broom Handle Holders and Broom Clamps extend the lives of broom heads and their handles. We have a practical robust Boot Cleaning range.

For more information please do not hesitate to contact us.

Our red stripe rubber is reversible to double the life!

Guarantee

5
YEAR GUARANTEE

Our products are guaranteed against manufacturing defects for a period of 5 years. This does not cover the product where fault is due to misuse, abuse, or where the product has been subject to unauthorised modifications or alterations. In the event of a problem with the product within the guarantee period please contact us.

Curved Squeegees

Reversible
rubber blade

High quality Curved or Winged Squeegees. Durable ridged, steel construction with separately affixed socket, for maximum product strength. Originally designed for use on farms. The curved or winged squeegees are pushed to move liquids and solid objects. As the captured material 'rolls' inside the squeegee it is held towards the back of the blade.

SIZES	UNIT PRICE	BOX QTY

WINGED 34" / 86CM	£24.11	10
SQUEEGEE SOCKET SH4	£3.04	1

- Includes Nuts and bolts

Squeegee Socket SH4

ALL OUR SQUEEGEES ARE:

- Available in various widths
- Complete with socket bracket, bolts and wing nut, ready to receive a standard handle (not supplied)
- No tools required handle fitting
- Reversible/Replaceable red stripe rubber squeegee blade
- Five ridges and separate socket, increase strength
- Handmade in England

Wheeled Squeegee

Reversible
rubber blade

The Wheeled Squeegee at 46" wide is used in areas too small for a tractor unit. The light weight frame attaches to two solid rubber wheels, via an axle assembly, which holds the large curved yard squeegee.

We use a slightly harder wearing "Yellow Stripe" rubber on this model to reflect the nature of the intended work. The rubber blade is reversible and replaceable.

Straight Squeegees

Reversible
rubber blade

For moving surface water, run-off, liquid, solids or slurry. Our versatile Straight Squeegee has many uses, indoor and outdoor. The durable rubber is flexible and so moulds itself to the surface, when being pushed or pulled along, to move substances effectively.

Snow Pusher

Reversible
rubber blade

Our Snow Pusher is double sided, fully reversible and virtually indestructible. A super tough rust-proof construction. A metal blade on one side, an exceptionally durable, impact resistant, non-abrasive blade on the other. The Snow Pusher is designed to break up ice and compacted snow, before flipping over and pushing the snow and ice away with the rubber squeegee blade.

Boot Scraper Mat

Carefully crafted from galvanized steel, the metal door mat is durable and practical, perfect for outside any door where muddy boots gather. The slatted construction makes it ideal for scraping clean the bottom of footwear.

UNIT PRICE £15.57

Serrated Squeegees

Reversible
rubber blade

Made with a serrated straight rubber blade, specifically designed for spreading resin when road surface dressing. The tough black nitrile rubber has proved to give prolonged life even on rough surfaces. The Serrated Squeegee benefits from the ability to be pushed as well as pulled. Serrations are available in different depths, the squeegees in various widths.

SERRATION DEPTHS

4mm / 6mm / 8mm

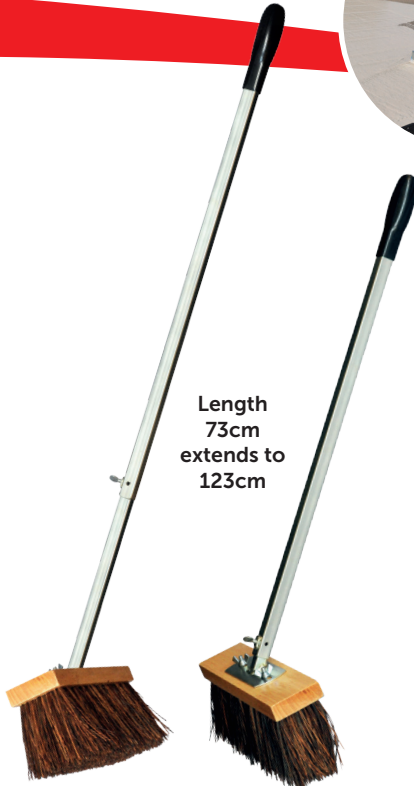

Now available with a blue polyurethane blade for increased abrasion resistance, lasting three to four times longer than black nitrile rubber.

Telescopic Broom

Our Telescopic Broom is ideal where storage space is limited, for example car boots and when travelling. The square tubing of the Telescopic Broom handle increases rigidity and can be simply extended and secured with a wing nut. Once sweeping is complete the Telescopic Broom handle can be shortened and easily stored.
