Plastic Furniture Company

“We are your partner for developing and manufacturing your plastic furniture and bins”

Welcome to Plastic Furniture Company, your destination for innovative and durable street furniture in the UK. With over 30 years of experience, we're renowned for our wide range of rotationally moulded products, including bins, outdoor seating, tables, storage solutions, planters and more. We take pride in offering sustainable, maintenance-free alternatives to wood. Our mission is to provide eco-friendly solutions that stand the test of time, contributing to a cleaner, greener future.

Our dedicated team at Plastic Furniture Company, based in our North-East headquarters are a passionate family. From design to delivery, our valued PFC team ensures that you receive not only furniture but an experience characterised by quality and care.

- **Low-maintenance, hassle free furniture**
- **Proudly manufactured in the UK**
- **Personalise with design and print services**
- **Exceptional customer service. Competitive pricing**
- **Convenient leasing through Shire Leasing**
- **Enjoy a 30-day credit account for flexibility**

Our Story

**“Follow our mission,
choose plastic over wood”**

Plastic Furniture Company manufacture products from recycled and recyclable materials, enabling you, the customer, to maintain a reduced carbon footprint. We use materials that have a minimal environmental impact. Practical in design and robust in construction our low maintenance products will give you years of reliable service.

These environmentally friendly products are made from recycled milk cartons and other plastic products, undergoing a transformative process to create a high-quality, durable material for commercial use.

**Save our oceans - rethinking
plastic for a sustainable future**

Colour directory

We offer a range of stock colours which are available with a two-week lead time. If you require a non-stock colour, please consult with our sales team who can support you and provide lead times.

“Add the personal touches”

Plastic Furniture Company specialises in supplying customised products. We can apply your company branding or logo to a wide range of our furniture and plastic bin products—from A3 panels to full wraps. Work with our in-house designers to create the perfect product for your business. Manufactured here in the UK, we manage the entire process from concept to completion. We also offer a free artwork visualisation service. Designed to reflect your brand message, our bins can be fully personalised to your exact requirements.

The in-house process

- 1** From your design we produce a computer visualisation and add any text.

- 2** Following your approval we print the design onto vinyl.

- 3** The vinyl is applied by one of our team.

- 4** Final product

School Projects

“Building confidence in design”

Transform your school with Plastic Furniture’s custom design service. Students can create their own graphics, and our in-house designers will bring their ideas to life. Send us your designs and we’ll do the rest—creating personalised furniture or bins that keep your school clean while showcasing student creativity.

Customise Litter Bins and Star Benches with logos, images, or text.

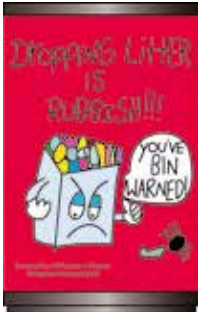

Free computer visualisation available, just submit designs in JPG, PDF, Illustrator, or EPS format.

Early Years Recycled Seating

Our **Picnic Table, Bench Set, and Junior A-frame** are made from 100% recycled materials. These hard-wearing plastic picnic tables are easy to maintain and keep clean. They are perfect for school playgrounds and outdoor classroom learning areas. Each table seats four children.

Our 100% recycled range is made from recycled HDPE bottles, which is a sound communication tool for teaching children about recycling and the types of products that can be made from used plastic.

100% Recycled and Imperial Collection

100% Recycled Products

Recycled plastic outdoor furniture

Our 100% recycled range reduces plastic waste and delivers durable, long-lasting products that outlast timber.

Rotationally moulded from polyethylene, this range can be left outdoors all year round as it is resistant to water, wood-boring insects, and frost.

It is also incredibly easy to clean.

All graphics can be customised

All products are available in 100% recycled black

Imperial Collection

Imperial Tables, Seats, and Benches are stylish, modern, and made from recycled, recyclable materials. Extremely durable and weatherproof, they are designed to withstand all four seasons.

Our Group

An integrated group for manufacturing excellence

Our unique advantage lies in the seamless integration of three specialised divisions—Rotational moulding, Injection moulding, and Vacuum Forming. This allows us to provide a one-stop solution for your plastic component needs. Whether you're looking to create complex, hollow structures through rotational moulding, high-precision parts by injection moulding, or intricate forms using vacuum forming, our in-house capabilities ensure that we can handle every aspect of your project under one roof.
